HUMAN ASSET – THE BACKBONE OF ANY ORGANISATION

The Company has been established with a vision that "PEOPLE ARE BACK BONE" of every business organization and recruitment services are "Supporting Hand" to them.

INTRODUCTION

We take this opportunity to introduce ourselves as one of the best and reputed Companies into Human Resources Management. We have been providing Qualified Professionals to our corporate clients in India for the last two decades. The founder members and the supporting team are having a vast experience of more than two decades in the Service Industries i.e. Human Resources Management, Staffing Solutions, Recruitment and Manpower Placement Services. With a view to serve and focus on particular industries, we are operating under following entities:-

- COSMICTALENT INDIA PVT LTD
- COSMOTECH INDUSTRIAL MANPOWER PVT LTD
- COSMIC INOX PRIVATE LIMITED
- COSMIC INFOMEDIA INDIA LIMITED (2008-2017)
- COSMIC MANPOWER CONSULTANT
- COSMIC PLACEMENT SERVICES
- COSMIC ENTERPRISES
- COSMIC CONSULTANCY SERVICES
- COSMIC HOSPITALITY

OUR SPECIALISATION – THE CORE INDUSTRIES

Though, the Company provides qualified and highly skilled professionals to almost all kind of industries i.e. Banking, Finance, Insurance, FMCG, Consumer Durables, Airlines, Hotels & Hospitality Industry but our specialisation is into providing qualified Engineers and Technical Manpower to Core Industries as follows.

Core Sector

- Iron & Steel,
- Mining and Minerals
- Chemicals & Fertilizers
- Agrochemical industry
- Oil, Gas and Cement
- Infrastructure & EPC Projects
- Third Party Inspection Companies

Other Industries

- Pharma Sector
- Gems & Jewellery Industry
- Electrical Equipment & Lighting
- Banking and Finance
- Hotels & Hospitality Industry

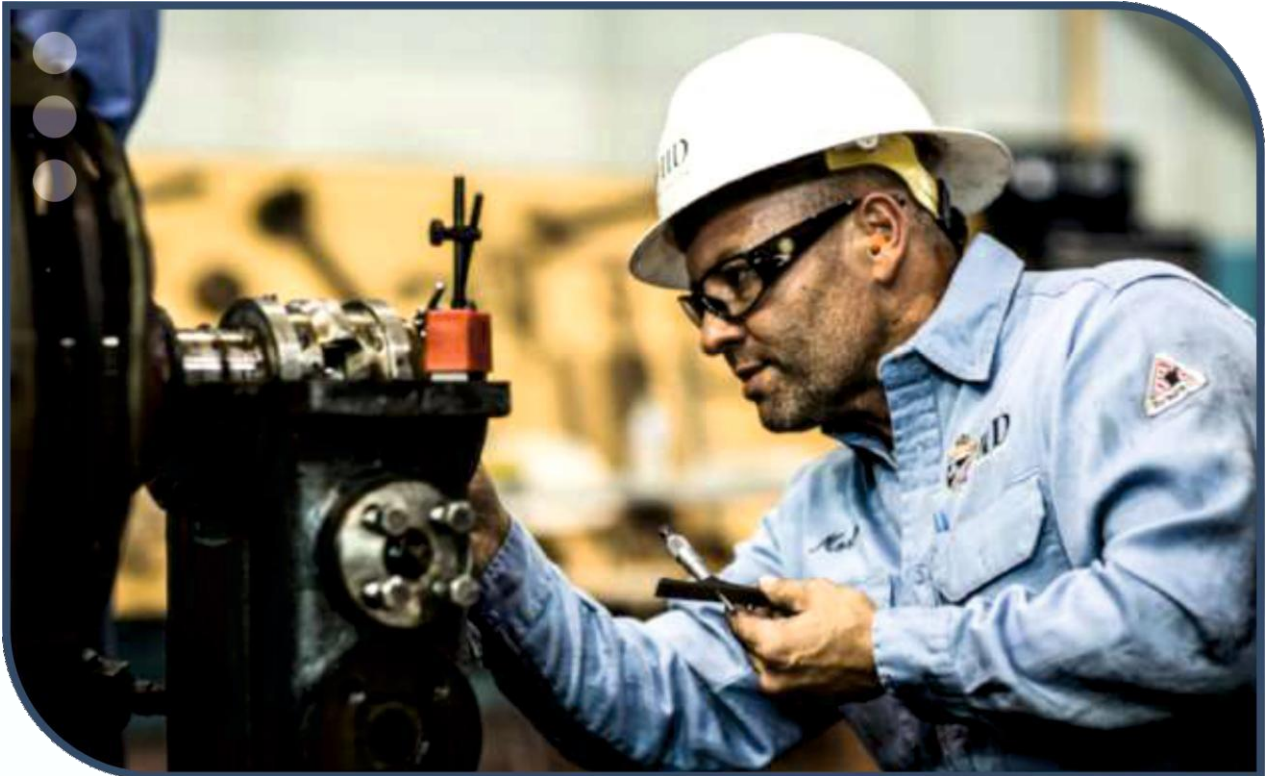

Category of Manpower

Though we have been into recruitment for almost every category of professionals, yet our specialization is into recruitment of Qualified Engineers and Technical Manpower for the core industries like :-

- CEO / COO / Technical Director / Executive Director
- Plant Heads
- Head – SMS / Forge Shop / WRM / Rolling Mill / DRI / BF / CPP
- Head – Purchase – Raw Materials / Bought Outs
- Head – Power Plant / Captive Power Plant
- Engineers – Elect / Mech / Metallurgy / Civil / QCQA
- Sales Head – Domestic / Internationals Market
- CHRO / HR Heads
- CFO / Head – Finance & Accounts

OUR STRENGTH

Two decades of our association with these Technicians, Engineers & Technocrats is the main source of our strength

Quick Response: Within 24 hours of receiving any requirements, we start forwarding the most relevant Resumes to our clients.

Accuracy: We make sure that our clients are not flooded with the bulk of Resumes for any given requirement. With a view to save our clients time, our team conducts a telephonic round / Virtual Interview of the candidates and tries forwards only the "Most Matching Resumes" to our clients.

Strong Database: By virtue of being into Recruitment Business for more than two decades now, we have developed a very strong data base, especially that of Engineers. We therefore never depend upon the Social Media Platforms. We never post our clients requirements on LinkedIn, Job-Portals, facebook, Instagram or on any of the Social Media Platforms.

Secrecy: At times, we are assigned to work on a replacement position, where the existing incumbent is under performing or is engaged in inappropriate practices. In such cases, we are told not to float a particular vacancy in the open market but do it secretly. By virtue of having our own database and strong-networking in the industry, we are able to maintain the secrecy and close the position silently.

Head-Hunting: Many of our clients instruct us to headhunt for the required professionals from a particular industry, organisation or even from a particular Company. By virtue of being in the industry for the last two decades, we and our team members are enjoying a personal rapport with the middle and senior level professionals especially in the core industries.

Anti-Poaching: While signing the Placement Services Contract with our client, we incorporate an Anti-Poaching Clause under which we are not poaching any of their existing employees during the validity of the contract with them.

Non-disclosure or Confidentiality Clause: Many of our clients does not want to share information about the future projects or expansion plans. If they so desire, we incorporate Non-disclosure or Confidentiality clause in the agreement.

Background Check of newly hired employees: We have tied up with a few Mumbai based professional agencies engaged into background check & police verification of the newly hired employees. At the special request of our clients, we get it carried out at our own cost.

HISTORICAL BACKGROUND & OUR ASSOCIATES

COSMIC finds its genesis way back in the year 2004 when it obtained the Recruitment Licence from Central "Ministry of Overseas Indian Affairs, Under the Ministry of External Affairs, Govt. of India, New Delhi and opened its first office in Mumbai under the name of "Cosmic Manpower Consultant". In 2008, it was converted into a Private Limited Company i.e. Cosmic Infomedia India Limited with its registered office in Mumbai itself. With a view to focus on the specialized needs of our clients, the company further diversified and split itself into two different entities i.e. **COSMICLENT INDIA PVT LTD & COSMOTECH INDUSTRIAL MANPOWER PVT LTD.**

Dr. Anand Sagar - PhD in Management, MBA - HRM.

Dr. Anand Sagar is the Founder Director of Cosmic Group. A Post Graduate from Hindu College, Delhi, PhD in Management, MBA - HRM, he has been into service industry for more than two decades, has been providing highly skilled and qualified professionals in the core industry - Specially Steel Industry. In 2018 he was also appointed by House of Madagascar as a chairman (House of Madagascar in Mumbai).

OUR PROMINENT CLIENTS

INDIA'S LEADING IRON ORE OR COAL MINING & STEEL MANUFACTURING COMPANIES

OUR PROMINENT CLIENTS

INDIA'S LEADING IRON ORE OR COAL MINING & STEEL MANUFACTURING COMPANIES

RPO AGREEMENT WITH LMEL & LICL SINCE JULY, 2024

CosmicTalent India Pvt Ltd has been working on an RPO (Recruitment Process Outsourcing) Module with Lloyds Metals & Energy Limited and also with Lloyds Infrastructure and Construction Limited since July, 2024

- LMEL - LLOYDS METALS & ENERGY LTD
- LICL - LLOYDS INFRASTRUCTURE & CONSTRUCTION LIMITED

Cosmictalent India Private Limited had signed two exclusive RPO (Recruitment Process Outsourcing) Agreements with Lloyds Metals and Energy Limited and also with Lloyds Infrastructure & Construction Limited in the month of July, 2024 since then our team is stationed at the Konsari (Gadchiroli) site offices of LMEL & LICL for providing manpower for all of their existing plants, ongoing & upcoming projects i.e. Surjagarh Beneficiation Plant, Slurry Pipeline, Pellet Plant (4 MTPA x 2) and Integrated Steel Plant (5 MTPA x 2) at Konsari.

Highlights of Surjagarh (Gadchiroli) Iron Ore Mines

- At present LMEL is having the permission of raising 55 Million Tons of Iron Ore per annum from Hedri, Surjagarh Iron Ore mines which is a very unique feature in India. No other mine owner is having SUCH A huge amount of iron ore raising permission at a single location/premises.
- Beneficiation Plant of 10 MTPA at Surjararh Mines site

Slurry Pipeline of 90KM, Pellet Plants (2x3.5MTPA) & an Integrated Steel Plant at Konsari, Gadchiroli

- Construction of Slurry Pipeline of 90 KMs from Surjaragh to Konsari site is already completed. Now the Iron Ore from Surjagarh Iron Ore Mines to the Pellet Plants at Konsari is being transported through this slurry pipeline only.
- Already commissioned two (3.5 MPTA each) Pellet Plants (PP1 & PP2) at Konsari Site.
- Planning an Integrated Steel Plant (ISP) of total capacity of 8 MTPA (2x4MTPA) in 2 phases

	SURJAGARH (HEDRIE) IRON ORE MINES LMEL is putting up a Beneficiation Plant of 10 MTPA at the Hedrie (Surjagarh) Mines site. It will consist of Grinding Unit, BHQ Plant, Slurry Tank and a Slurry Pump House for transporting the Iron Ore through the Slurry Pipeline of around 90 KMs which is already laid down between the Hedrie Mines to Konsari Plant site. Till the time the Slurry Pipeline is operational, the Iron ore is being transported by around 500 trucks / dumpers owned by the Company. Central Government as well as the Government of Maharashtra are promoting Gadchiroli as, apart from vast forest resources, Gadchiroli has huge mineral reserves and has the potential to lead itself on the path of development. Naxals have already been neutralized from Gadchiroli District by giving employment in this district itself.
SLURRY PIPELINE OF 90 KMs FROM HEDRIE MINES TO KONSARI PLANT SITE. ANOTHER PIPELINE OF 1100 KMs FROM HEDRI TO JNPT IS ON THE CARD Lloyds Group has already constructed Slurry Pipeline of 90 KMs between Hedri, Surjagarh Iron Ore Mines to Pellet Plant Site at Konsari. Company is also planning to lay two more Iron Ore slurry pipelines. One between Hedrie Mines to Ghugus, Chandrapur plant of LMEL – of around 150 KMs. And another one between Hedri Mines to JNPT Port, Navi Mumbai, Raigad District of Maharashtra – of around 1100 KMs. They are also commissioning “Slurry Pump House” at Hedrie site to transport 10 MTPA iron ore through the pipeline.	

OUR TA TEAM AT KONSARI & HEDRI, GADCHIROLI SINCE JULY, 2024
(Stationed at Konsari Plant Site Office of Lloyds Metals & Energy Limited since July, 2024)

Cosmictalent India Pvt Limited had signed two exclusive RPO (Recruitment Process Outsourcing) Agreements in (July, 2024) with LMEL (Lloyds Metal and Energy Limited) and also with LICL (Lloyds Infrastructure and Construction Limited). Since then, our dedicated HR (TA) team is stationed at the site offices of LMEL & LICL.

Miss Swamini Fulzele, is our Talent Acquisition Lead (representing Cosmictalent India Pvt Ltd) stationed in Ga for various site offices of LMEL & LICL in Gadchiroli District. She is coordinating with Technical and HR Teams of multiple units of LMEL, LICL & LT Gondwana Skill HUB Pvt Ltd located at Konsari, Hedri and Allapalli in Gadchiroli District of Maharashtra.

She is responsible for personally meeting with respective HR Heads / TA Team of LMEL and LICL on day-today basis and obtain the first-hand information about the exact kind of manpower requirements and also facilitate the Virtual and/or face to face Interviews of the shortlisted candidates with the respective Technical Heads in coordination with HR Heads/Team.

ABOUT LLOYDS METALS & ENERGY LIMITED

LMEL has the Iron Ore raising permission of 55 MTPA (million ton per annum) from its Hedri, Surjagarh mine alone. The company has already constructed the slurry pipeline of around 90 KMs starting from the Surjagarh mines site to Konsari Pallet Plant which is located bang on the National Highway No. NH353C. The company has set up two Pellet Plants of 3.5 MTPA each. The Iron Ore is being transported from Surjagarh Mines to Konsari Pellet Plant site through slurry pipeline. Apart from Pellet Plants, LMEL is also coming up with a 8 MTPA (2 X 4 MTPA) integrated steel plant at Konsari.

Lloyds Metals & Energy Limited (LMEL) was incorporated in 1977 and is a Listed Company. It was awarded a lease for iron ore mining way back in 2007 at Surjagarh Village, Gadchiroli district, initially for a period of 20 years & extended to 50 years under MMDR Act, 2018. This district has Maharashtra’s richest iron ore reserves. As per the Statements given by Hon’ble CM Mr. Devendra Fadanvis, time and again, Gadchiroli is a “SECOND JAMSHEDPUR IN THE MAKING”. It will be manufacturing around 30% of the Steel in India in the years to come and will provide more than 30,000 direct jobs to the locals alone. Now the Govt has auctioned multiple iron ore blocks to steel giants like Jindals, Shyam Steel, AMNS, and many others are making beeline to procure Iron Ore Mines in Gadchiroli District. Because of the huge iron ore reserves, Gadchiroli’s Iron Ore Mines are the FIRST EXPLORED MINES IN INDIA – exploration started way back in 1880s. That time, TATAs had two choices – Gadchiroli and Jamshedpur. They then preferred Jamshedpur because of some logistic issues that time. A lot of transformation has happened since then.

LLOYDS INFRASTRUCTURE & CONSTRUCTION LIMITED

Lloyds Infrastructure & Construction Limited (LICL) is the Construction and Infrastructure development arm of the Lloyds Group. It is into construction of Highways, Bridges, Tunnels, Residential, Office premises & Commercial complexes. Also constructing Hospitals and schools in and around Surjagarh Mines and Konsari Plant Sites of Gadchiroli District in Maharashtra. Lloyds is also planning to build world’s longest Slurry Pipeline of around 1100 KMs from their Hedri (Surjagarh) Mines to JNPT Port in Navi Mumbai, Raigad District of Maharashtra.

BALDOTA GROUP MSPL / BSPL

HOSPET & KOOPPAL, KARNATAKA

We are working with the Group Companies - MSPL LTD & BSPL LTD, Hospet, Koppal & Ballari, Karnataka

The Baldota Group was established in 1961 by its founder Mr. Abheraj Baldota. Now Mr. Narendra Kumar Baldota is the Chairman of the group and his sons Mr. Shrenik Baldota & Mr. Rahul Kumar Baldota are the MD & Jt.MD. It is one of the leading iron ore mining companies in India with its Head Office in Hospet City and Plant-1 is in Koppal District Plant-2 is in Yeshwanth Nagar, Sandur Taluka of Ballari District of Karnataka. The Group is into other business as well, like, Power, Shipping, Aviation, Industrial Gases, Environmental Solutions and Exploration.

IRON ORE MINES AT SANDUR TALUKA OF BELLARI DISTRICT IN KARNATAKA

Baldota Group has been into Iron Ore Mining in Sandur Taluka of Ballari District of Karnataka since early 1960s.

PELLET PLANTS AT KOPPAL & SANDUR (KARNATAKA) :

- **Pellet Plant-1: at Koppal District of Karnataka**
MSPL Limited (Baldota Group) is having 1.20 MTPA Pellet Plant at Halavarti Village, in Koppal District of Karnataka. This plant is operational since 2011.
- **Pellet Plant-2: at Yeshwanth Nagar, Sandur (Ballari District):** The Group has come up with another Pellet Plant of 2.40 MTPA being commissioned in March, 2025 in Sandur taluka of Ballari District.

UPCOMING INTEGRATED STEEL PLANT OF 10.5 MTPA AT KOPPAL, KARNATAKA :

Baldota Steel & Power Limited (BSPL Limited) was founded as part of the Baldota conglomerate to target and drive the Indian manufacturing. The Group is setting up an Integrated steel plant of 10.5 MTPA with an investment of Rs. 54,000 Crores in Koppal taluk. The new plant will be established under the name of Baldota Steel and Power Limited (BSPL) in Koppal. Moreover, 220 MW power plant along with 100 MW solar power is also coming up in the same region. The place is strategically located, just 135 Kms (2 Hours) away from Hubli Airport. The plant is also envisaged to be Zero Liquid discharge (ZLD) & net Zero Abiding all Effluent & fume treatment norms. It also intends to be a carbon Neutral plant to meet global standards.

INTRODUCTION

We have been associated with many Prominent Steel Manufacturing Companies in India for the last two decades and while venturing into the Trading Business, the prime objective was, on the one hand, to provide them with the "Quality Raw Materials" & Consumables and at the same time help them into disposal of their finished goods / products through sale in India and abroad. The earlier entity "Cosmic Enterprises" has been rechristened as "Cosmic Inox Private Limited".

Procurement of Products & Materials:-

We have already tied-up with a few Steel Manufacturers in Western Part of India and with a view to cover other regions, we are in the process of tying up with reputed Steel Manufacturing Companies for procurement of finished or semi-finished products, such as:-

- Stainless Steel / MS - Long and flat Products
- TMT Bars & Rebars
- Structural Steel – Angles & Channels
- SS / MS Pipes and Tubes
- Alloy Steel Products
- MS / SS Wire, Wire Rods & Bars
- Ferrous and Non-ferrous Metals,
- Alloys, Iron and all types of Tradable Minerals
- SS / MIG / TIG / FINE Wires
- SS / MS Fastener & Flanges
- SS / MS CR / HR Sheets / Coils

Supply of Raw Material and Consumables:-

We can supply any of the following materials within a reasonable time-frame and at competitive rates at any location in India :-

- All grades of SS and MS Scraps (200, 300 and 400 Series)
- Non-ferrous Metals and Scraps
- Sponge Iron, Pig Iron & Pellets
- Ferrous and Non-ferrous Alloys
- All types of Tradable Ore & Mineral
- Consumables used in the Manufacturing Process

NOTE: Above list is not exhaustive.
